PROFESSIONAL SUMMARY

Software developer at Verso, where I built admin portals for a medical billing website,and A2Z Appliances, along with a job portal for verso. Proficient in both front-end and back-end development using HTML, CSS, Bootstrap, React.js, Material UI, tailwind, Node.js, and Express.js. Gained skills in SEO and deployment using PM2, Docker, and AWS. Earned 3rd place in a university competition in final year project and completed an internship at NITB, further enhancing my development expertise. I thrive in fast-paced, team-oriented environments and always eager to take on new challenges.

TECHNICAL SKILLS

FRONTEND	BACKEND	TOOLS
Html, Css, React,	Node.js, Express.js, Flask	Git, Nginx
Bootstrap, Tailwind Css,	**DATABASE**	**FRAMEWORK/TECHNOLOGIES**
Material UI	Mongo, sql	DOCKER, PM2, AWS

PROFESSIONAL EXPERIENCE

Verso   Oct 2024 - May 2025
Backend Developer   Cheyenne, WY, US

Developed and maintained admin portals for Medivo (medical billing) and A2Z Appliances (blogs), ensuring intuitive interfaces and efficient functionality. Designed and implemented a job portal for Verso, enhancing user engagement and streamlining job searches. Gained hands-on experience in deployment processes using PM2 and Docker on AWS, ensuring scalable and reliable application hosting.

National Information Technology Board   July 2022 - July 2022
Frontend Intern   Islamabad,Pakistan

2-week internship at NITB. Helped me improve my frontend skills in HTML CSS.

PROJECTS

Chatting Application: Developed a real-time chatting application using Socket.io. Features include sending PDF files, Word documents, images, videos, and video calling using WebRTC.
SmartDial (Final Year Project): Implemented voice separation for employee and client, emotion detection, hate speech detection and sarcasm detection. Audio training for employees in low pressure environment.
E-commerce Store: Developed an online store featuring product display, sorting, and cart functionality.
Social Media Platform: Created a social networking site with authentication, posts, comments, and friend requests.
